

KEG WRAP GUIDE

All keg wraps are printed on a continuous roll.

1 ROLL = 500 FEET

1/2 Barrel: Each uses 45" of wrap. One roll = approximately 133 wraps.

1/4 Barrel: Each uses 36" of wrap. One roll = approximately 166 wraps.

1/6 Barrel: Each uses 29.5" of wrap. One roll = approximately 203 wraps.

*The above are estimated quantities. Exact wrap quantities will depend on barrel size, cut length, and individual application.
